

Activity Sheets for: Session Two

Name _____

Mirrors All Around Us

Pre-Session: Activity Sheet One

Have you noticed that there are mirrors all around you? What happens to your image and light as it reflects off of these mirrors? Let's find out and discover why different mirrors are used for different purposes.

Type of Mirror	What it does to my image.	What does light look like when it bounces off it.	Where have I seen this mirror?
Plain Mirrors			
Concave Mirrors			
Convex Mirrors			

What did you notice? : Write three sentences summarizing what each mirror does to the image it reflects. _____
